INFORMAL PRACTICES AND STRUCTURES IN EASTERN EUROPE AND CENTRAL ASIA

ABOUT ASCN

ASCN is a programme aimed at promoting the social sciences and humanities in the South Caucasus (primarily Georgia and Armenia). Its different activities foster the emergence of a new generation of talented scholars. Promising junior researchers receive support through research projects, capacity-building trainings and scholarships.

The programme emphasizes the advancement of individuals who, thanks to their ASCN experience, become better integrated in international academic networks. The ASCN programme is coordinated and operated by the Interfaculty Institute for Central and Eastern Europe (IICEE) at the University of Fribourg (Switzerland). It is initiated and supported by Gebert Rűf Stiftung.

ABOUT RPPP

The Regional Research Promotion Programme is aimed at fostering and promoting social science research in the Western Balkans (Albania, Bosnia and Herzegovina, Kosovo, Macedonia, Montenegro and Serbia). Researchers receive support through research grants, methodological and thematic trainings, policy dialogue projects as well as opportunities for regional and international exchange and networking.

The programme is fully funded by the Swiss Agency for Development and Cooperation (SDC), Federal Department of Foreign Affairs.
